Called to Galveston.

Senator R. A. Greer went to Galveston this morning in response to a telegram from President Nicholas Weekes of the Gulf and Interstate. To a representative of the DAILY ENTERPRISE Senator Greer said that the message was a surprise to him and that he had no means of knowing what was wanted with him.

Burn the Trash.

It has been suggested by some of our most prominent citizens that as soon as the paper on Bowie street between Pearl and Orleans is dry enough it would be a good idea for the city officials to send a man there and have the paper all raked up and a match applied to it. When paper and other trash on our streets is so noticeable to homefolks what do you suppose the visitors and prospectors—and there are many here—think of it.

Land to Lease.

This morning a representative of the DAILY ENTERPRISE strolled into the rear end of a large business house and there saw a man at work on a sign that reads something like this: "This piece of property for lease to some one who desires a well watered piece of land on which to cultivate a crop of rice." Apply to Beaumont city officials. He was preparing the sign to be placed in the ditch on the left hand side of the Bowie street as you go to the Tram plant, between Pearl and Orleans streets. The gentleman said that four or five years ago before the water became so stale there was a family of bull frogs living in the ditch but thought the stale water had killed them.

Elected Officers.

The annual meeting of the stockholders of the First National bank of this city occurred yesterday and the following directors were elected: W. S. Davidson, W. P. H. McFadden, V. Wiess, John N. Gilbert, Leon R. Levy, L. P. Ogden and John C. Ward. The following are the officers for the ensuing year: President, W. S. Davidson; vice president, W. P. H. McFadden; cashier, Frank Alvey; assistant cashier, Charles Stroock. The election of Mr. Stroock as assistant cashier is in the nature of a promotion, which is well deserved, as all can testify who have noted Mr. Stroock's character and business ability. Such promotions and places of trust always interest the public, and we feel confident that Mr. Stroock's advancement will give general satisfaction.

Deferred Action.

After consulting some of the business men of the city and after more mature deliberation the Wiess Hook and Ladder company have decided to allow the fire alarm boxes to remain until the council takes action on the mayor's veto. We are pleased to note the action of the Hook and Ladder company as that the business will appreciate it are confident the of Beaumont are bursc the comp. have spent in a tem and that the careful con. have given the ma. less than stand by th.

A representative of the ENTERPRISE was present at the meeting when a taken and the only offered at that time Judge Ives and he p- cause of the city's fin dition. The value of t still there, they are in ing order and the mills own their own boxes, in ing 82 per month for th of being connected to alarm wire.

A paid up subscription to the DAILY ENTERPRISE will make a nice new year's present to some friend outside of the city. Only \$4 per year.

For "sweet charity" the Ladies' aid society will have a cake sale at the Western Union telegraph office Saturday from 10 a. m. to 5 p. m. If you are not a cake eater treat your friends.

The DAILY ENTERPRISE was in error yesterday when it stated that Mr. C. L. Nash, the real estate man, would have his office up stairs in the Ricker and Bratnoter building. He has his office down stairs, next to the city ticket office of the Port Arthur Route.

The Beaumont Lumber company has taken unusual precautions to avoid loss from fire by placing at intervals about their plant large reels of hose with one end of the hose attached to the fire plug so that when it is unwound connection is already made.

The music-loving public will be under many obligations to the Knights of Pythias for securing the Seubert Symphony Club for an entertainment in this city. The splendid reputation of that company is certain to attract a big audience.

An Explanation.

We feel that perhaps an apology is due to many of our customers who came in at the beginning of our great mark down sale and left before they were waited on. In the rush that followed the announcement of the sale it was simply impossible to wait on all who came and some hurried away before their wants could be attended to. We trust that it was not because they thought the clerks inattentive for that was not the case. Any apparent inattention was wholly due to the big rush that followed our advertisement.

We beg leave to say that despite the great crowds that have attended this sale there are scores of choice bargains yet in our immense stock and there will be plenty up to the last day of the sale. There are several months yet in which these goods will be seasonable and are always staple. The object of this article, however, was to apologize for any apparent inattention and assure the public, the ladies more especially, who left without being waited on that we will only be too pleased to have them call again.

Shot a Crap Game.

This forenoon Marshal Gray and policeman Tevis raided a crap game that was going on in back of McKinney's feed store. One of the participants, who was being held by his coat collar, slipped out of his coat and took to his heels. Officer Tevis took a shot at him, but it only made the nigger run harder, and at this writing he had not been captured.
